

Message from Sister Mūmbi

It's been a whirlwind few weeks for me, since returning from South Sudan in early March and continuing to learn the ropes from Founder and President Emerita Sister Joan Mumaw, IHM.

I have also gotten to meet a good number of our wonderful supporters through various interactions. We at Friends in Solidarity are so grateful to have you as partners in this mission.

As you catch up with our news this month, please take a few extra minutes and fill out our [reader survey](#). Your responses will inform and guide us as we evaluate our communication tools and methods.

We are in full spring mode here in Silver Spring, and beauty abounds as flowers bloom and trees recover their dazzling green foliage. May you experience the blessing of springtime renewal in your lives.

Sister Mūmbi Kīgūtha, CPPS
President, Friends in Solidarity
